des of, or feelings en

ments in time. The class commissiones are already selected, but their appointment will not be made public until next month. They are gentlement of refinement and culture, where natureal repetation is a sufficient guarantee that the interests of the country will be ably cared for. The farmers of Kentucky should select their best specimens of whest backy, rye, corn, tobaccop, do., put them in near little packages, with labels upon them, stating the name of the purson, the country and city and State. They should be sent either to Robert? Camadán, 39; Breadway, New York, or to Coi. Blanken Dimess, Louisville. Each State will be apportanced and the contract. If treated with outrageous Robest 7: Cauncian, 189; Bleadway, New York, or to Col. Blanken Duncas, Louisyille. Each State will be approximed and all of the articles from each State will be shown togethen or the similar articles from the various States will be placed in juxtaposition, so as to test the relative quality. Thus, there will probably be at 1 juxtaposition, so as to test the relative about national homor in this matter, while they are right in calling greenlar they control to the probably be at the relative quality. Thus, there will probably be a shout national homor in this matter, while they are right in calling greenlar they will, after a time, cease removed and the probable of the countries. In the probably with the isrue was constructed to the countries. It transact with outerage unfairment, they will, after a time, cease removed to the probable of the countries. It transact with outerage unfairment, they will, after a time, cease removed to the relative quality. Thus, there will probably be a shout national homor in this matter, while the countries to the countries. It is the countries to the countries med and the contrast. If treated with the larges of will be unfairness, they will, after a time, cease to articles yew addler of it either in specie or in sheet in greenbacks. Let' not the Radicals unavailable.

Paritying the Public Service.

A Radical organ has the following para-

A Nadical organ has the following paragraph:

there by thousands. So of wheat, rice, sugar, &c. When Congress assembles, there will doubtless be made proper provision for a ship to earry all these articles to Knrope, as was done in 1867 to the Paris Exposition. The gentlemen having charge do not now propose to receive anything but the small specificanem of from one to ten pounds in the weight. Whenever proper arrangements weight. Whenever proper arrangements weight. Whenever proper arrangements have been added to the contraction of the service. If we ask when and where and how he has given evidence of such dehow he has given evidence of such dehow he has given evidence of such dehow he has given evidence of such deweight. Whenever proper arrangements weight. Whenever proper arrangements how he has given evidence of such determination and purpose, none of his triends can answer. He has turned out a triends can answer. He has turned out a pertailly paralyzed at present mean and second purposes, none of the conditions and an energetic population, and she can make herseld one of the chosen spots of the canonic make herseld one of the chosen spots of the canonic make herseld one of the chosen spots of the canonic make herseld one of the chosen spots of the carolic papels in the chosen spots of the chosen spots of the chosen spots of the carolic papels to the carolic papels to the carolic papels to the carolic papels to the carolic papels that he may design to promote the shootpilon of Mexican papers that he may design to promote the shootpilon of Mexican papers that he may design to promote the shootpilon of Mexican papers that he may design to promote the shootpilon of Mexican papers that he may design to promote the shootpilon of Mexican papers that he may design to promote the shootpilon of Mexican papers that he may design to promote the shootpilon of Mexican papers that he wish to them seemed so superfict of all transactions in that his which to them seemed so superfict of all transactions in that his which to them seemed so superfict of the chosen papers that the promote that any such promote that any such promote that the whist from their localities to settle in a Sinst which to them seemed so superfict of all transactions in that his which to them seemed so superfict of all transactions in that his whist to them seemed so superfict of the chosen promote that any such promote that the whist private of states which the them seemed so superfict of all transactions in that his whist to them seemed so superfict of the chosen promote that any such that the whist seems that the whist to them seemed so superfict of all the visible, and the all the visible, and the private that the promote that the whist to the seed the promote that the whist to the seed the promote that the public service, the public service, the public service, the public service to the transactio

this coe ex-decretary of War, John Bell; our demandation of the control of the formation of the control of the formation of the control of th

This was but materal and a vecessary outgrowth of the system. The improvement of
a part of Thirty-taird stasts—inst to gave one
instance—was retarded for years, because one
penson, who ewared nearly all of the land
sbutting on both sides of the street in a certain locality objected to assume the very
onescens business of paring hisself for nearly
the whole-cost of the paving.

A recent has he has bowever, shated this ovil.
By it the Legislature enacted that its proposed improvement busselse the whole-city
half the sugment shall be borned by greenal
to distribute the expenses upon the fature to
crease of the city. This is but just, for while
the present owners of land and residents in
the city are largely benedited by a requisisystem of street improvement, the larger samber of people that are to laskabit two York ofter these, the fruire enhanced value of the
property, to which good and passable streets
and remunes will in a great measure have contributed, should also share is the cost of each
seasiling becedia. The millions to come
hearster will be more benefited than the popin of to-day by the bissenings of the preserved
the dealt incurred for its preservation. And
as its in large things affecting the whole
country, so the same principle applied to the
smaller sphere of manifold affairs it he just
one. And well said the Mayor in this connection in his measure to the Contaco Counchile.

Neither is just to change upon property

"Neither is just to change upon property Cornectory and Commercial.
